

# WCSB8

## 8th World Conference on Sampling and Blending

9–11 May 2017, Perth, Western Australia

### The Conference

The 8th World Conference on Sampling and Blending (WCSB8) will be held at the Pan Pacific Hotel in Perth, Australia, on 9–11 May 2017, and will be combined with the Australian sampling conference normally held every two years. The conference is being jointly organised by The Australasian Institute of Mining and Metallurgy (the AusIMM) and CSIRO, and will bring together all parties involved in sampling and blending in the mineral, pharmaceutical, food, feed, agricultural, biomass and recycling industries, including environmental monitoring. WCSB8 will provide unparalleled opportunities for updating knowledge, benchmarking sampling and QAQC practices, networking, meeting respected international sampling experts, sharing ideas and catching up on the latest developments.

### Keynote Speakers

- Isobel Clark FAusIMM, Director and Principal Consultant, Geostokos Limited, Scotland
- Kathy Ehrig MAusIMM, Principal Geometallurgis, BHP Billiton Olympic Dam, Australia
- Kim Esbensen, Professor, Consultant, KHE Consulting, Denmark
- Francis Pitard, President, Francis Pitard Sampling Consultants, USA
- Claudia Paoletti, Deputy Head GMO Unity, European Food Safety Authority – EFSA, Italy
- Anita Parbhakar-Fox MAusIMM, Research Fellow in Geoenvironmental Studies, University of Tasmania, Australia
- Rodolfo Romanach, Professor Of Chemistry, University Of Puerto Rico, Mayaguez

### Workshops

- A Practical Guide to Designing and Running Effective Sampling Programs
- Grade Control in Underground Gold Operations
- Theory of Sampling (TOS) and Multivariate Data Analysis

### Tours

- SGS Geochem laboratory
- Ausdrill Analytical
- FLSmidth Perth Supercenter
